

Guidelines for Chapter 2: Admission

Additional information regarding Section 2-1: Application deadlines

Applicants for studies with rolling admissions will be offered a place in the course of a week if the criteria are fulfilled. The offer can be seen in the applicant portal 'Min side'.

Applicants will either receive a rejection or be called in for an interview/conversation once their application has been processed for studies with a deadline of **15 April** and/or an entrance test/audition. The offer can be seen in the applicant portal 'Min side'.

Additional information regarding Section 2-2: Admission requirements for first degrees Entrance test

For several of our studies, applicants must complete an entrance test in addition to their application. Information regarding the studies concerned and the admission requirements with the relevant forms are available online at: <https://kristiania.no/opptaksinformasjon>

Additional information regarding Section 2-9: Deferment of the start of studies

Reservation of a place can be granted if compelling circumstances arise after the application deadline and the student cannot take the place. Accepted reasons are illness, childbirth, care responsibilities or being called in for compulsory military service. Other compelling reasons could also form the basis for granting the application. Employment, education or holidays are not grounds for reserving a place.

Applications for absence of leave are sent in writing to the academic administration, student@kristiania.no.
