

How to select elective courses in Studentweb

Open your education plan under the tab *Studies*.

Scroll down to the next semester (2026 AUTUMN). Select one course from block 1. If you select a course with 15 ECTS, do not select a course from the following block. Courses with 15 ECTS are taught over two blocks.

Master in Organizational Psychology and Leadership

👁 Show details

✕ Withdraw from class

Repeat these steps for block 2-4. You will need to register for class in every course in order to secure a spot in each course.

NB! You may only select one course from each block. If you select a course that is taught over two blocks (all courses with 15 ECTS) you may not select another course from the following block (block 2 and/or 4).

Example: AHL5100 is taught over blocks 1 and 2, so you are not supposed to select a course from block 2, but in block 3 and possibly block 4.

You need to select courses with a total of 30 ECTS.
