Class info

Autumn 2025: Admission granted.

Comment: Campus Oslo.

👁 Show details

✕ Withdraw from class

Repeat these steps for block 2-4. You will need to register for class on every course in order to be granted a place on each course.

NB! You may only select one course from each block. If you select a course that is taught over two blocks (all courses of 15 ECTS) you may not select another course from those two blocks. Example: AHL5100 is taught over blocks 1 and 2, that means that you are not supposed to select a course from block 2, but in blocks 3 and possibly 4.
